Adverse weather conditions in the UK and France cause disruption

Emergency weather warnings have been issued for large parts of Central and Southern England after heavy snowfall hit many parts of the UK.

In France severe weather warnings due to snow and ice have been issued for the regions BASSE-NORMANDIE, BRETAGNE, HAUTE-NORMANDIE, POITOU-CHARENTES, PAYS-DE-LOIRE.

Due to these adverse weather conditions, transport throughout Europe may potentially be affected and delays could be experienced. The situation will remain critical today as temperatures stay below freezing with new snow falls expected.

If you have any concerns please contact your local GKN Freight Services representative by email or on their mobile phones as offices may be running with minimal staff today.
