

# GKN Freight Services Information Bulletin

## Channel Tunnel closed

The Channel Tunnel is currently closed due to a fire on a northbound freight train. As a result this may cause delays as demand for ferry services increases. Latest indications are that the tunnel will remain closed today and services are expected to be adversely affected for some weeks.

GKN Freight Services are monitoring the situation and will keep you informed of any further developments. In the meantime, please do not hesitate to contact us if you have any questions.
