## Dock workers strike in Spanish ports

Possible strike action is expected by dock workers in Spanish ports from 8am on Monday 23rd March until Wednesday 25th March.

Officially, we are informed that there should be no disruption to departure/arrivals at the ports. In reality, it is likely that there will be an affect, so GKN Freight Services will be taking actions wherever possible to avoid delays to containers.

GKN Freight Services will continue to monitor the situation and will keep you informed of any further developments. However, please do not hesitate to contact us if you have any further queries.
