

Information Bulletin

Further update: Metal workers strike in Vigo

The strike continues causing some disruption to road traffic, mainly in the centre of Vigo. At the moment loading and unloading of vehicles and containers is proceeding without any problem. The metal workers will hold further discussions today at 17.00hrs to try to come to an agreement.

Please rest assured that GKN Freight Services are closely monitoring the situation and will keep you informed of any further significant developments. Please do not hesitate to contact us in the meantime if you have any questions or concerns.
