## Lufthansa strike suspended

Lufthansa confirms that the pilot strike has been suspended. Strike action, which had been scheduled to run for four days, was called off after less than 24 hours of delays and cancellations for passengers. The union said that there will be no further action until at least March 9. However, irregularities of the flight operation are expected to continue over the next few days as Lufthansa work to reinstate normal flight operations, therefore, our airfreight activities may still be affected.

GKN Freight Services will keep you informed of any further developments. In the meantime if you have any questions please do not hesitate to contact us.
