

Information Bulletin

Metal workers strike in Vigo

Metal workers in Vigo are currently on strike. The entrance to Vigo port has been closed and, as a result, no cargo can enter or exit. The strike is scheduled for today and tomorrow.

GKN Freight Services will be monitoring the situation and will keep you informed of any further developments or impact on particular consignments if you have cargo which transits this port. However, please do not hesitate to contact us if you have any further queries.
