

Information Bulletin

Sea France strike action

Please be advised that there will be disruptions to cross-Channel ferry services on Sea France services between Dover and Calais today, 16th October, after unions announced plans for strike action. For customers with consignments moving between France and the UK, this may cause some delay to our service. It is anticipated that normal services will resume tomorrow, 17th October.

GKN Freight Services are monitoring the situation and will keep you informed of any further developments. In the meantime if you have any questions please do not hesitate to contact us.
