

Information Bulletin

Thailand civil disorder update

Situation as of 10.00am 21st MAY 2010

As a result of imposed curfews, road transportation in the Bangkok area and its perimeter, including provinces listed in state of emergency declarations, are still affected.

Due to security measures, customers have been advised to review their pick up/delivery schedules to ensure that shipments will be loaded or uplifted as planned or that shipments will not be on the road during the curfew period.

The airport operation, cargo terminal and customs clearance should be working as normal.

Both Laem Chabang and Bangkok port are working as normal for Exports.

For Import shipments, the closure of some shipping lines and freight forwarders may cause delays to pick-ups from the port area.

GKN Freight Services will continue to monitor the situation and keep you advised.
