Thailand Civil Disorder - Update

Due to continuing unrest in Thailand the Government has announced public holidays and extended curfews. Public holidays are in force in the Bangkok area from 19th to 21st May and the government-imposed curfew has been amended to be in force between 9pm and 5am until 23rd May.

Both seaport and airport operations are reported as operating normally but with additional security. However, due to the curfew, the customs clearance processes will be impacted and customers may experience delays.

GKN Freight Services are carefully monitoring the situation and are liaising with those customers directly affected by this situation. However, please do not hesitate to contact us if you have any questions.
