Transport Strike in Italy

The Transport Federation in Italy, Asso.To.S.C.A., have announced that there are plans for a 5 day strike between 30th June and 4th July 2008 by various Italian transport associations. This strike is due to the ever increasing cost of fuel, coupled with the overall increase in costs within the transport industry and changes in regulations. The transport associations are demanding the Government tackle these issues.

GKN Freight Services are monitoring the situation and will keep you informed of further developments.

Please do not hesitate to contact us if you have any questions.
