Transport Strike in Spain

Please note that FENADISMER (National Federation of carriers in Spain) are announcing their intention to strike on June 8th due to an increase in fuel costs.

A meeting was held yesterday between the Spanish government and representatives of the National Transport Organisation but no agreement was reached. FENADISMER will strike if the government does not take action.

GKN Freight Services will keep you informed of any further developments and ensure that any potential disruption is minimised.

In the meantime, please do not hesitate to contact us if you have any questions.
