Transport Strike in Spain – Further Update

Please note that most small self-employed trucking companies have joined the transport strike in Spain and transport throughout all of Spain has stopped. The borders between Spain and France (La Jonquera & Irun) are blocked and collections from Portugal are also being affected.

At this stage it is unclear how long this strike will last but please rest assured that GKN Freight Services are monitoring the situation and will keep you informed of further developments. In the meantime, please do not hesitate to contact us if you have any questions.
